crusader kings ii songs of the caliph

As the discription reads this DLC is meant to be paired with the Sword of Islam DLC (which permits one to play a Muslim leader as the base game only allows one to play a Christian as befitting the game's name- Crusader Kings II). The songs only play when one is a muslim character. As such one should not purchase these two songs without the Sword of Islam DLC.. Should have come with the Sword of Islam expansion..
